
Vulnerability Disclosure Policy

Vaibhav Vyapaar Private Limited, through regulation and supervision, maintains the security of our systems and protects sensitive information from unauthorized disclosure. The safety and security of our customers' data, and the reliability of our services, are of immense importance to Vaibhav Vyapaar Private Limited and therefore we strive to provide the highest levels of security and reliability. Despite our best efforts, due to the highly complex and sophisticated nature of our products and services, vulnerabilities and errors may still be present in our services.

We encourage customers, users, researchers, partners and any other end user to report potential vulnerabilities identified in Loanfront system. This policy describes Loanfront's approach to requesting and receiving reports related to potential vulnerabilities and errors in its services from those that interact with such services.

The researchers of our systems are encouraged to contact LoanFront regarding such vulnerabilities and errors by using the form present on this page. Identifying and reporting the vulnerability or error will improve our security and reliability mechanisms which will contribute towards the continuous growth and efficiency of LoanFront .

Providing your contact information and the report are entirely voluntary and at your discretion. Loanfront will make use the report that are submitted both those submitted anonymously and those with contact information.

By reporting to, Loanfront using the form on this page, or otherwise communicating a report to Loanfront through other means, regarding vulnerabilities and errors, you agree to the following terms:

Loanfront may use your report for the purpose of correcting any vulnerabilities and errors that Loanfront deems fit for correction. Loanfront assumes the assignment of all ownership rights of the report is for the purpose of changes and improvements as required.

By providing such information to Loanfront you confirm to us that:

- You have shared the error or issue in detail.
- You give us a reasonable time to respond to the issue before making any information/report public.
